

Shampoo/Topical Therapy

There are many variations to use DermaPet products. The following includes suggested protocols.

FREQUENT BATHING: **DermaLyte Shampoo** followed by **DermAllay Spray** as often as daily. A pet that has inhalant allergies should be bathed as often as possible to remove the source of the allergic reaction. Can also use **MalAcetic Shampoo/Spray** and **DermAllay Shampoo** frequently though not recommended daily.

DRY BATH (ESPECIALLY THOSE WITH SKIN FOLDS AND PREDISPOSED TO YEAST OR BACTERIAL DERMATITIS):

- EVERY DAY USE:** **MalAcetic Wipes.**
- WITH INFLAMMATION:** **MalAcetic HC Wipes.**
- WITH ACTIVE INFECTION:** **Mal-A-Ket Wipes.**

MILD PRURITUS: **DermAllay Shampoo** or **DermaLyte Shampoo** followed by **DermAllay Spray.**

Can precede and/or follow topical therapy with **DermAllay Spray** in any pruritic animal. Can prime with **DermAllay Shampoo** and/or finish with **DermAllay Spray** using any topical protocol. With localized inflammation/pruritus: **MalAcetic HC Wet Wipes.** Can use **MalAcetic ULTRA Shampoo** and/or **MalAcetic ULTRA Spray** with more intense pruritus.

SEBORRHEA SICCA: Treatment is up to the pet. When it gets dry scaly it should be repeated.

In some cases, odor is the guide.

- DRY, SCALY, NON-PRURITIC:** **DermaLyte Shampoo.** Rinse then use **MalAcetic Shampoo.** Rinse and follow with **MalAcetic Spray/MalAcetic Wipes** or **DermAllay Spray.**
- DRY, SCALY, PRURITIC:** **DermAllay Shampoo.** Rinse then use **MalAcetic Shampoo.** Rinse and follow with **MalAcetic Spray/MalAcetic HC Wipes** or **DermAllay Spray.**
- DRY, SCALY, VERY PRURITIC:** **DermAllay Shampoo.** Rinse then use **MalAcetic ULTRA Shampoo.** Rinse and follow with **MalAcetic ULTRA Spray.** Can also use **MalAcetic HC Wipes.**

SEBORRHEA OLEOSA: Treatment is up to the pet. When it gets oily it should be repeated. In some cases, odor is the guide.

In cases where shampooing the pet is impractical/difficult use **MalAcetic Spray** or **MalAcetic Wipes** as often as daily. **DermaBenS Shampoo** is designed for the oily pet.

- OILY, NON-PRURITIC:** **MalAcetic Shampoo.** Rinse and follow with **DermaBenS Shampoo.** Rinse and follow with **MalAcetic Spray/MalAcetic Wipes.**
- MILD OILY, PRURITIC:** **DermAllay Shampoo.** Rinse and follow with **MalAcetic Shampoo.** Then use **MalAcetic Spray/MalAcetic Wipes** or **MalAcetic HC Wipes.**
- SEVERE OILY, PRURITIC:** **MalAcetic Shampoo.** Rinse and follow with **DermaBenS Shampoo.** Then use **DermAllay Spray** and **MalAcetic HC Wipes** or **MalAcetic Wipes.**
- VERY PRURITIC, MILD OILY:** **MalAcetic ULTRA Shampoo.** Rinse and follow with **MalAcetic ULTRA Spray.** Can also use **MalAcetic HC Wipes.**
- VERY PRURITIC, VERY OILY:** **MalAcetic ULTRA Shampoo.** Rinse and follow with **DermaBenS Shampoo.** Then use **MalAcetic ULTRA Spray.** Can also use **MalAcetic HC Wipes.**

HOT SPOT: Clip hair around the lesion. **MalAcetic Shampoo** or **MalAcetic ULTRA Shampoo** the full body.

Rinse then **MalAcetic ULTRA Spray.** Use **MalAcetic HC Wipes** or spray with **MalAcetic ULTRA Spray** daily. Can also use **MalAcetic Wipes** daily if not pruritic.

PODODERMATITIS:

- MILD BACTERIAL, FUNGAL INFECTION, PREVENTATIVE TREATMENT:** **MalAcetic Wipes, MalAcetic Spray.**
- MILD BACTERIAL, FUNGAL INFECTION WITH INFLAMMATION/PRURITUS:** **MalAcetic HC Wipes.**
- BACTERIAL, FUNGAL INFECTION:** **Mal-A-Ket Wipes.**
- BACTERIAL, FUNGAL INFECTION WITH INFLAMMATION/PRURITUS:** **MalAcetic Ultra Spray.** With all above can also soak feet with like shampoo for 5 minutes and then rinse. **MalAcetic Shampoo, Mal-A-Ket Shampoo, MalAcetic ULTRA Shampoo. TrizCHLOR 4 Shampoo & Spray** can be used as well.

PYODERMA: In cases where shampooing the pet is impractical/difficult use **MalAcetic Spray** or **MalAcetic ULTRA Spray.**

Can also use **MalAcetic Wipes, MalAcetic HC Wipes** and **Mal-A-Ket Wipes** as indicated. Use **MalAcetic Shampoo, Mal-A-Ket Shampoo** or **MalAcetic ULTRA Shampoo** (if pruritus). Rinse and follow with **MalAcetic Spray** or **MalAcetic ULTRA Spray** (if pruritus). **TrizCHLOR 4 Shampoo & Spray** can be used as well, especially in cases of resistant bacterial infections.

MALASSEZIA:

- MILD INFECTION/BREEDS PREDISPOSED TO YEAST:** **MalAcetic Shampoo.** Rinse and follow with **MalAcetic Spray.** Use **MalAcetic Wipes** daily and then as needed.
- GENERALIZED/DIFFUSE INFECTION, PRURITUS:** **MalAcetic ULTRA Shampoo.** Rinse and follow with **MalAcetic ULTRA Spray.** Use **MalAcetic HC Wipes** as needed.
